Dear Friends of Thailand:

I would like to extend my heartfelt gratitude to all of you in the Thailand RPCV community for your support of Peace Corps/Thailand's 50th anniversary celebration. I would like to especially recognize Carolyn Nickels-Cox for the large liaison role she played with staff in Bangkok. Friends of Thailand worked very hard to create memorable activities, providing support and assistance over a period of many months. Thank you for your dedication, planning and contributions; they are a heart-warming illustration of your deep affection for your Peace Corps experience, and for the people of Thailand.

Congratulations on a tremendous 50th anniversary celebration and a job well done. As a Thailand RPCV myself, this milestone had special meaning and I certainly felt proud to be in attendance. Thank you for your continuing service to Peace Corps.

Sincerely,

Helen A. Lowman
