"Being on the Friends of Thailand Board (since 2008) has allowed me to continue to take pleasure in volunteerism and helping others when and where I can. Living in Thailand for 18 of the last 21 years, I enjoy working as a bridge between American & Thai ways, bringing together the best of both worlds. And being "on the ground" in Bangkok gives me the chance to do some hands-on work to support FoT's mission.!"
